

## Candidates

**Scott Besley** currently serves as the vice chair of the Board and previously served as chair eight years. Before joining the Board he served on the Supervisory Committee. He has completed the entire Volunteer Achievement Program. Scott is Associate Professor in the Finance Department in the USF Muma College of Business (serving as department chair from 1998 until 2015). Dr. Besley also serves on the USF Local Fee Committee, the USF Board of Trustees Finance & Audit Workgroup, the Advisory Board of the Academy of Finance of Hillsborough County, and the Investment Oversight Committee of the Pinellas County School Board. He has been a faculty member at USF since 1982 and a member of the credit union since 1983.

**Scott Brophy** currently serves as a director for the credit union and began his volunteer work in 2015. Scott is the Director of Treasury for Darden Restaurants, Inc., a Fortune 500 multi-brand restaurant company. He has worked for Darden for twelve years holding increasing levels of responsibility within finance and treasury. He is responsible for the corporate finance activity of Darden, including cash management, debt market transactions, share repurchase activity, derivative execution, benefits plan advisory, and strategic advisory. Prior to Darden, Scott worked as a corporate banker and as an attorney for JP Morgan's predecessor company Bank One in Chicago, Illinois. He holds a B.S. in Electrical Engineering from Marquette University, a J.D. from DePaul University and an M.B.A. from the University of Chicago. Scott also is a CFA® charterholder.

**Ron Satterfield** currently serves as a director and has previously served as an Associate Board Member for the credit union. He also currently chairs the credit union's IT and Strategic Planning Committees. Ron began his volunteer work for the credit union in 2006 as a member and subsequently chair of the Supervisory Committee. Outside his work for the credit union, Ron has been on faculty in the Muma College of Business since 1993. He has taught courses in the Undergraduate, MBA, MS in Business Analytics and Information Systems, and DBA programs. His teaching is chiefly in the fields of Statistics, Operations Management, Six Sigma and Process Improvement, and Health Informatics. He has also consulted with numerous organizations on supply chain and analytics problems, working in such industries as healthcare delivery, municipal and financial services, industrial and consumer products, and retail grocery. Ron holds an MBA and a Ph.D., the latter from the Kelley School of Business at Indiana University.
