

# INTRODUCING MONEY MANAGEMENT

## ACCOUNTS

### Know Your Finances

See all your accounts, including those with other financial institutions.

## BUDGETS

### Track Your Budget

Bubbles help you understand the relative health of your budgets instantly.

## SPENDING

### Watch Your Spending

Every transaction is automatically categorized so you can spend smarter.

## TRENDS

A visualization of spending over time divided into categories. Users can drill into subcategory views and see transaction details. They can also track income and define the date range over 3, 6, 9 or 12 months.
