## Message from the Coordinator

**Debit cards make traveling easier.** A Debit Card works just like your checkbook only it's faster, easier and more convenient than writing a check. Purchase amounts are automatically deducted from your checking account. The card also works as your ATM card. **There is no charge for our MoneyPass ATM/Debit Card, and ATM transactions are free at RiverWood Bank ATM locations and MoneyPass ATMs.**

RiverWood Bank offers the latest and most secure chip card technology. RiverWood Bank Debit Cards feature an embedded micro-chip that will improve security when you make purchases at a chip-activated terminal. **For a list of MoneyPass machine locations, visit [moneypass.com](http://moneypass.com) "ATM Locator".**
