Helping you is our #1 goal

Building or repairing credit can be challenging if you don't know all the ins and outs. HealthCare Associates Credit Union has the expertise to help you every step of the way. Establishing and maintaining a good credit history allows you to achieve many of your financial goals in life. Purchasing a home, a car, renting an apartment, or obtaining employment, among other things, requires you to establish a positive credit history. Let us help get you on the right path.

Build your credit in these small steps:

Step 1. Become a member of HACU. If you already are a member, you are one step ahead of the rest.

Step 2. See which scenario best fits your situation or ask one of our Member Service Representatives at **630.276.5555** or **800.942.0158 (toll-free)** to help discover which product is best for you. Each product here can help improve or build your credit. As your payment history improves, so does your credit score, which could give you the ability to secure better interest rates.
