

About Us

Since 1936, Tech Credit Union has been offering the latest in banking services to nearly 40,000 community members in Northwest Indiana and the South Chicago suburbs. Because we're a not-for-profit financial institution, our members enjoy access to lower rates on loans, higher yields on deposits, and a host of free and low-cost services.

Unlike a bank, each person who belongs to a credit union is an equal owner or "member." Instead of generating profits for stockholders, credit unions are able to focus on their member's needs.

Tech Credit Union has 11 branches and offers access to over 36,000 fee-free ATMs nationwide. We currently serve over 500 Corporate Member Groups.

Home Loans

CU Mortgage Service, a Tech Credit Union company, offers a full range of traditional and specialty program mortgages. Whether you are buying your first home, making your next move, or simply refinancing your existing mortgage, we're here to help. We provide first-time home buyer seminars and personalized counseling. Our goal is to provide a better experience for our member partners, your employees, and their families.

- **Fixed Rate Conventional Mortgages**
- **Refinancing**
- **First-Time Home-buyer Program**
- **Extended Rate Lock Program for New Construction**
- **First Responders & Educators Program**
- **Specialty Mortgages**
