- No minimum balance required

With 12 months of good history, account may be converted to another account type.

Certain credit criteria and restrictions may apply to qualify for checking account products. Allpoint ATMs are free with the use of your Visa® Debit Card. Prime Time Members receive one box of checks free per calendar year (custom style only).

¹The APY (Annual Percentage Yield) for balances up to \$10,000 will be 4.25% APY when the qualifications for the First Rewards Checking are met and .15% APY for balances over \$10,000. Dividend rates and APY are subject to change monthly without notice. The calculation method used for calculating the APY is "Method B". Method B blends the below cap interest rate with the above cap interest rate when determining your actual APY. As a result, your actual rate will vary, depending on the balance in the account and will be in the range of 4.25% APY - 0.15% APY. In any month where all qualifications are not met, a monthly fee of \$4.95 will be assessed. Members will automatically qualify for the Rewards for the first month their account is open and will not incur the monthly fee of \$4.95 in the first month. Dividend rates and APY are subject to change monthly without notice at the discretion of the Board of Directors.

²Overdraft Privilege is available at account opening. To have debit and ATM transactions covered, you must Opt-In to ODP. Thereafter, account must remain active and you must maintain your account in good standing. Payment by First Community is a discretionary courtesy and not a right of the account holder or an obligation of First Community Credit Union.

³APR = Annual Percentage Rate. Rates and terms are subject to change. Not eligible on FCCU Refinances.
