## **Fort Community Credit Union**

*The Credit Union National Association has determined that Fort Community Credit Union provided \$1,715,368 in direct financial benefits to its 20,297 members during the twelve months ending in September 2018. These benefits are equivalent to approximately \$177 per member household.*

*Fort Community Credit Union provided loyal high-use member households \$745 in direct financial benefits.*

*Credit unions generally provide financial benefits to members by charging less for loans, paying more on deposits and charging fewer/lower fees compared to banking institutions.*
